

Introducing URBEE

**The Winnipeg-made car that
runs entirely
on renewable
energy!**

**Wednesday, June 25th
12:05-12:55 pm
Room E107**

Presented by: Jim Kor, RRC Instructor and Founder & President of KOR Ecologic Inc.

- Take a look at the automobile of the future.
- Learn how a car was made using a 3D printer!
- Find out how a local transportation prototype is getting worldwide attention.

Register at shayduk@rrc.ca or through the Employee Development website.

Refreshments will be provided.
