

invites you to a technical presentation:

## Harley-Davidson Project LiveWire

- Where:** [University of Manitoba, Fort Garry campus, Engineering and Information Technology Complex, E2-110](#)
- When:** 7:00 PM, Thursday, November 6, 2014
- Cost:** Free
- APEGM CPD:** APEGM members credit 2 Professional Development Hours for “Informal Activity”

### The Presentation

We will be showing a video shot by SAE Milwaukee Section of a technical presentation event for the conceptualisation and development of Project LiveWire; Harley-Davidson's first electric motorcycle. The presentation was put on by Harley-Davidson staff that worked on the motorcycle from their Milwaukee-area headquarters.

### Parking

Parking is available throughout the [University of Manitoba's Fort Garry campus](#). Parking is generally free at the time of this presentation. The S-lot in particular could be good.

### Registration

There will be no light supper or drinks provided, and no cost for this presentation. Registration will not be required.
